

Holiday Home in Hungary

The home is in Hungary, near a lake called Balaton, this is a very popular holiday destination in Europe in the summer.

The house has 4 double bed rooms, sleeps 8 at the minute but could cater for more, just requires a few more beds, plenty of space for that if needed. Suitable for a big family or two families. New building, quite elegant throughout.

The price has been set for £90/night or £500/week, meaning 6 nights or more. This includes cleaning and all accessories.
