hope street hotel is Liverpool's most prestigious independent boutique hotel with its highly acclaimed and award winning restaurant The London Carriage Works. The design is minimal and chic with bare brick walls, exposed iron work, pine beams and solid wood floors and oak panelling. Our rooms are individually designed with oversized beds covered in white Egyptian cotton. Picture windows and skylights capture some of the stunning architecture that fills this part of the city and surrounds the hotel.

The hotel is sitting pretty in the middle of one of the most exciting of streets; between the cities two cathedrals and surrounded by its universities, theatres, concert hall and an abundance and variety of restaurants and cafes. It's just a five minute walk to the shops, art galleries and museums and for further a field a 20 minute drive to Liverpool John Lennon Airport.
