### So why are they doing this?

Because providing something this good can be the best means of creating some fantastic word of mouth advertising for the salon and it's great for introducing some new faces as well! This promotion is valid to new clients only (those who haven't visited the salon in the past 12 months). If you are one of our existing valued customers or have previously taken up the promotion then you are welcome to purchase additional certificates as gifts for friends and family members instead.

**Note: This is a limited number promotion so we apologise to anyone who misses out in advance!**
